

Mathematics 309 — Spring 2001

1. Do exercises in sections 1–3 of the first chapter on conic sections, except 2.1.
2. Use PostScript to reproduce the first 3 pictures in section 1 of those notes, as well as the one just below exercise 2.1.

This is due in two stages: (1) do the first exercise and the first two figures for Friday, January 12; (2) do the rest for the following Wednesday.
