

HISTORY OF MATH COURSE OFFERINGS

Not all MATH courses are offered every year. In the table, an X, A, C, or M (see below) indicates that the course was offered in the given session and term. A history of past offerings does not *guarantee* that a course will be offered in the future at the same frequency, but is a good *predictor* that it will be. An X indicates the course was available to all students; an A that it was available only to Applied Science students; a COM that it was available only to Commerce students, an ECE that it was available only to Electrical and Computer Engineering students; and an M that it was available only to Mechanical Engineering students.
