Math 210 End-of-term Survey

1) What is your major (e.g. math, electrical engineering, etc)?

_______________________________________________________________________________
_______________________________________________________________________________
_______________________________________________________________________________

2) What year of study are you in?

☐ a) 1st year
☐ b) 2nd year
☐ c) 3rd year
☐ d) 4th year
☐ e) 5th year or beyond

Additional comments

_______________________________________________________________________________

3) When are you planning to graduate?

☐ a) 2012
☐ b) 2013
☐ c) 2014
☐ d) 2015
☐ e) 2016 or later

Additional comments

_______________________________________________________________________________

4) Have you taken CPSC 110 or 111?

☐ a) Yes
☐ b) No

Additional comments

_______________________________________________________________________________

5) Why are you taking this course instead of CPSC 210?

_______________________________________________________________________________
_______________________________________________________________________________
_______________________________________________________________________________
6) Why are you taking this course this year?

- a) I did not have all prerequisites until this year.
- b) I had all prerequisites in previous years but there were not enough seats until this year.
- c) I had all prerequisites in previous years but I chose to take it this year.
- Other (please specify)

If you selected other, please specify
______________________________________________________________________

7) Have you had experience with Maple and MATLAB before taking this course?

- a) Both Maple and MATLAB
- b) Maple only
- c) MATLAB only
- d) Not much with either

Additional comments
______________________________________________________________________

8) What other programming languages and mathematical software (e.g. C++, Java, Wolfram Alpha, Mathematica, etc) have you had experience with?
_______________________________________________________________________________
_______________________________________________________________________________
_______________________________________________________________________________

9) How useful do you think are Maple and MATLAB to your future studies/career? Please briefly explain your choice under Additional Comments.

- a) Very useful
- b) Should be useful
- c) Unclear
- d) May not be useful
- e) Useless

Additional comments
______________________________________________________________________

10) Do you think the use of computers (Maple, MATLAB or similar math programs) should be incorporated into math courses in general? Please explain briefly and suggest a list of courses that computers might be useful.
11) The pace of the lectures in the MATLAB part of the course is

- a) Way too slow
- b) Slightly too slow
- c) Reasonable
- d) Slightly too fast
- e) Way too fast

Additional comments

12) Do you have any comment about the lectures or the course notes?

13) How much time do you usually spend on a MATLAB assignment?

- _______________________________ hours

14) The MATLAB assignments are in general

- a) Way too easy
- b) Slightly too easy
- c) Reasonable
- d) Slightly too hard
- e) Way too hard

Additional comments

15) What do you like about the course?

16) What do you dislike about the course?
17) What other concerns would you like to bring to the instructor’s attention?

Thanks you very much for your responses.
