STLF Report to CWSEI and Mathematics Department

STLF: Wes Maciejewski
Period: 18/09/2013-11/10/2013
Submitted: 11/10/2013

Specific activities performed by STLF

1) Professional Development.

- The department math education reading group is well underway. I've led discussions on two papers so far and I'm encouraging submissions from other members of the group.

2) Department meetings/activity

- Met with Sandra on 08/09/2013 to discuss my initial duties as an STLF.

3) Course-specific meetings/activities

MATH 102 – Differential Calculus for Life Sciences

- Learning Goals. The first set of learning goals, those leading up to the first midterm, were constructed in time for the students to use as a studying guide for the midterm. Work is continuing on subsequent learning goals.
- Instructor Guidelines. These are on hold to make time for more pressing projects.
- Midterm survey. I am currently constructing
- Survey. This is in the planning stage.

Plan for immediate future work

- Research topic related to Math 102.
-
