MATHEMATICS: ASSIGNMENT 5

Instructions:	Hand-written work is ok this time but you can stick with LaTeX if you're really lovin'
	it. Submit using the assignment box in IBLC 361. Indicate subject (mathematics),
	assignment number, name and student $ID\#$ at the top of the front page. Multiple
	pages should be stapled; no folded-corner tricks, no paper clips.
Due:	Before 10:00 am, Wednesday, Nov 25.

Problems on phase lines (handouts page): # 1e, 2b, 5, 6, 7, 9 10.

Problems on antiderivatives and solving DEs (handouts page): # 1e, f, h; 2d, g, h, j; 3a, e; 4 (consider problem 3e only).

Recall that when giving a solution to an ODE, you can always check to make sure that you got the answer right.
