Quiz 5

• Quiz 5 will be held in class on **Friday, March 18**.

• The “Quizzes” section of the course web page, which is
  
  index.shtml?quizzes

  gives info about
  ○ the material covered
  ○ the format of the quiz
  ○ the rules

• Quiz 5 covers the material of weeks 8,9 — §2.4, §3.1, §3.2, §3.3.1 and §3.3.2 of the course notes (separable differential equations, sequences, series, divergence test and integral test). See the “Syllabus” section of the course web page, which is
  
  index.shtml?syllabus

• You must write the quiz **in your own section** (the one you are officially registered in), unless you have explicit prior permission from your instructor.

• You must bring your **student ID** to each quiz and be prepared to show it to the invigilators.

• Quizzes are **completely closed book** — no notes, calculators, phones etc.

• There are no makeup quizzes. See the “Missed assessment” section of the course web page, which is
  
  index.shtml?missed
