## **International Conference on Algorithmic Operations Research (AlgOR 2007)**

Department of Mathematics, Simon Fraser University,  
Surrey, BC, Canada,  
January 21-23, 2007

We are pleased to invite you to attend the 2nd international conference on Algorithmic Operations Research (AlgOR 2007) to be held at Simon Fraser University, Surrey, January 21-23, 2007. The conference will bring together researchers, practitioners, and graduate students interested in design and analysis of algorithms for operations research models and its applications. We have an excellent list of speakers on various applied and theoretical topics in operations research. In addition there will be an Operations Research Case Competition for teams of students.

For further details and registration forms please visit the conference website;
